Skin, Nails and Hair™
Delicate and brittle nails, hair that is dull, thinning or graying, and skin that lacks vibrant color, tone and texture are certainly not life threatening problems; however, they are common signs of less than optimal health. More often than not, such issues have their roots well beneath the surface of the skin.

MegaFood Skin, Nails and Hair is a special combination of select 100% whole food nutrients and organic herbs which help to maintain or obtain glowing skin, healthy lustrous hair, strong nails and beauty from within, at the cellular level.* The ingredients have been carefully selected based on their ability to help strengthen and promote growth in all three areas.*

- Biotin, silica, sulfur, pantothenic acid and mineral rich herbs including spring horsetail and nettle help strengthen hair and nails while nourish the epidermis of the skin.*
- B Complex vitamins support the growth of hair and helps promote an even skin tone.*
- A full spectrum of antioxidants including vitamins C, E and phenolics derived from anti-aging super foods help protect against environmental pollutants and soften the impact of aging.*
- Hormone balancing and purifying herbs including chastetree berry, yellow dock and milk thistle, plus zinc help promote clear, radiant skin from within.*

Since your body regenerates skin, nails and hair over time, this effective formula delivers tangible results when taken for at least 6-8 weeks.

Tested FREE of pesticides, herbicides, gluten, dairy and soy. Vegan approved.
